IMPORTANT:

Please be aware that children may not move from one program to another more often than 3 weeks. This means that, for instance, if a child attends a week-long summer camp program, that child is not allowed to attend another summer camp for two more weeks. It also means that children cannot attend two camps simultaneously, or attend a summer camp and also another kind of recreational group

General Information

Face Coverings: Children ages 7-12 should wear a face covering while under direct adult supervision, unless they are eating or exercising, in which case, they should still keep their face covering with them to put back on later. Face coverings are not required for anyone if it is medically inadvisable for a person to wear one. Parents and caregivers should also wear face coverings when they are picking up and dropping off their children.
