Bonjour!

My name is Claire and I am the French teacher. I've been an elementary teacher in Belgium (French part) for 13 years before we arrived in the Bay Area in 2014. From our expatriation, I've continued to work in education as a preschool teacher (French preschool) and as a French tutor.

I am also the happy mother of an 8 years old boy and 3 years old girl.

Our lessons will help your child learn basic conversational skills, as well as vocabulary through different themes like school, colors, numbers, body parts, transportation, animals and more.

A Bridge to the World

Luckie Leiva

This class is designed to welcome older students 3rd graders (with previous Spanish) as well as to be a bridge for 4th and 5th graders preparing for middle school Spanish. Students will be engaged in active, fun and creative activities to develop both grammatical and cultural literacy as well as a strong foundation for more advanced language study. Our lessons will include a focus on regular verb conjugation and some hands-on activities, including cooking, following recipes in Spanish and more.
